Summary

React.js Developer with 13 months of experience in building responsive, user-friendly web applications using React.js, HTML, CSS, and JavaScript.

Skills

Frontend HTML, CSS, JavaScript, ReactJS, Java
(Swing, AWT)
Backend NodeJS, Express JS
Frameworks Bootstrap, Tailwind CSS

Databases MySQL, MSSQL
OS Ubuntu
Testing Manual/Unit Testing

Experience

Yudiz Solutions Ltd

Feb 2023 – June 2023

Junior Trainee Game Developer

- Gained hands-on experience in game development over a 5-month internship, working on 2+ prototype projects.
- Contributed to the development of 5+ core gameplay features, ensuring functionality and user engagement.
- Performed unit testing on 50+ components to identify and resolve bugs early in the development cycle.
- Collaborated with a team of 4+ developers to deliver stable and interactive game experiences.

C Tech Services

June 2024 – July 2025

Junior Developer

- Built a dynamic and responsive banking form for customer onboarding, supporting 20+ dynamic fields with real-time validation, improving form efficiency.
- Integrated 38+ backend RESTful APIs using Node.js and Express for secure storage and retrieval of biometric and personal data.
- Implemented fingerprint authentication with Mantra MFS100, achieving over 95% match accuracy and enhancing identity verification.
- Utilized MSSQL to design and manage relational database structures, optimizing query performance and ensuring secure data integrity for over 10K+ records.
- Contributed to reducing input errors by 32% and increased onboarding speed by 40% through intuitive UI/UX and validation logic.
- Gained practical experience in full-stack development, biometric integration, and scalable system design aligned with industry security practices.

Education

Visveswaraya Technological University

BLDEA'S VP DR P.G Halakatti Collage of Engineering and Technology

Computer Science and Engineering CGPA:6.80

Vijayapura, INDIA

June 2019-June 2023

DEPARTMENT OF PRE-UNIVERSITY EDUCATION

RKM PU SCIENCE COLLAGE

Science Secured 63% in PCMB

Vijayapura, INDIA

June 2017-April 2019

KARNATAKA SECONDARY EDUCATION EXAMINATION BOARD(KSEEB)

EXCELLENT ENGLISH MEDIUM HIGH SCHOOL, ITTANGIHAL

Secured 74.56%

Vijayapura, INDIA

June 2016 - June 2017

Projects

E-commerce Website (FRONTEND):

- Built a responsive, single-page frontend website using HTML, CSS, and JavaScript to simulate a landing page for an Air Fryer store.
- Implemented interactive elements such as a "Hello World!" welcome button using vanilla JavaScript to demonstrate dynamic behavior.
- Gained hands-on experience in crafting pixel-perfect frontend layouts and applying inline and block-level styling principles

Airline Management System

- Built a desktop-based Airline Management System using Java Swing/AWT for the GUI and MySQL for persistent data storage.
- Implemented event-driven programming to manage core airline operations such as booking, passenger management, and flight scheduling.
- Designed an intuitive user interface with multiple interactive forms to handle CRUD operations efficiently.
- Gained hands-on experience in database connectivity using JDBC, and optimized SQL queries for fast and reliable data handling.
- Contributed to improving operational efficiency by integrating real-time form validations and responsive UI behavior.
